Renewable Energy Lending

The SolarPlus Loan

Want to Own Your Power and Reduce your Electricity Bill?

The enhanced SolarPlus loan allows homeowners with a credit score of 700+ to realize the full value of federal tax credits and state rebates by combining:

- A tax deductible,¹ secured FHA Title I loan
- An unsecured loan that matches the homeowner's federal tax credit and can be paid off interest and penalty free within the first 18 months of its term²
- Maximum combined loan amount: \$40,000³

¹Consult your tax advisor. ²All loans are subject to credit approval. ³If the customer elects not to pay off the full principal amount of the loan within 18 months of funding date, then: (1) the interest accrued from the funding date will not be waived by the Bank and (2) all accrued interest due from the funding date will be capitalized and added to the outstanding principal balance due. Interest will then be charged on the new principal balance and continue until the full principal balance has been paid. ⁴Admirals Bank does not guarantee that a homeowner's monthly loan payment will be less than his or her current energy bill.
